

High Performance Gloves

2021 Dealer Catalog

with Confidential Wholesale Price List

Dear Customer,

For more than a half century, Olympia Sports has been producing Moto, Sports, Work, Dress, Casual and Lifestyle Gloves and Mitts for the Global Hand Wear Industry. Since day 1, our relentless pursuit for Perfection has remained constant.

What's our Secret?

We're Glove People, inside and out. Gloving leather is an Art that dates back to the 1600's and it's a Craft we have Mastered with Technical Expertise that is beyond compare. From Olympic Podiums and Fashion Runways, to Mountains and Ranches around the world, Gloves produced by Olympia have set the Industry Standard for Performance, Quality and Workmanship.

Now celebrating our 80th year in business, I personally invite you to review our 2021 collection of Premium Motorcycle Gloves and see for yourself both the benefits and the advantages In adding our trusted brand and product group to your current assortment.

Thank you.

Roger

Product Collection – Technical Overview

The hand is one of the most complex and beautiful pieces of natural engineering in the human body. When Touring, wearing gloves is only half of the challenge when it comes to protecting them. Wearing the right gloves is the other half of the battle.

What is Precision Fit Technology?

Designed Exclusively by Olympia Sports, *Precision Fit Technology* is an Innovation that sets the Industry Standard For how a Moto Touring Glove should Fit and Feel with Lasting Performance.

Each style is engineered on a Functional Curve Pattern to reduce hand fatigue while the Radial Cut Palm Design eliminates material gathering and enhances finger flex. Add to this the quality of our Hides, Raw materials, and Workmanship, and you have a glove that lives up to it's Catchphrase;

Essential Gear for Hands

Did You Know.....?

Over 3,000,000 bikers suffer from hand fatigue and finger numbness which can lead to further injury including Riders Palsy? Olympia gloves are built and engineered to reduce the risk of Riders Palsy by eliminating both numbness and tingling, allowing you to ride longer and stronger.
